Prediction:

You are unlikely to have PCOS

Disclaimer: This is not all accurate. PCOSCare web app is trying to give a prediction based on the data you provided.

This prediction is based on a dataset of 541 patients from Kerala, India. This is not a medical diagnosis. It is a

preliminary assessment and should not be used as a substitute for clinical evaluation. The accuracy of predictions is limited by the dataset's scope and quality, and results may not generalize to all populations.
